Instructions

The 2013 Form 112X, Amended C Corporation Income Tax Return, is used to correct your 2013 Corporation income tax return. File the return for free using Revenue Online. You can file on paper if you cannot file electronically, but please note that filing on paper can increase return problems and delay refunds. For more information or any questions pertaining to income, deductions, modifications, credits, etc., refer to the income tax book for 2013 or call the Department of Revenue at (303) 238-SERV (7378). You can also obtain forms, information and the FYIs referenced herein online at www.TaxColorado.com

Attachments: Attach all required schedules and supporting certifications to this amended return even if there is no change from the original return. (For example: Schedule SF, Form 112CR, DR 0074, etc.) Failure to attach this documentation will result in the disallowance of credits, subtractions or reduced apportioned income.

Lines 32 through 39 compute the amount you owe to the state on the amended return. Any decrease in the amount of the overpayment (line 33) or increase in the amount owed (line 34) will indicate that an amount is owed with the amended return. See FYI General 11 for assistance in computing the amount of interest to enter on line 35. If you have previously been assessed a delinquency penalty or estimated tax penalty and this amended return causes the amount of penalty to change, enter the increased penalties on lines 34 and/or 35.

Lines 39 through 43 compute your refund of credit available on the amended return. Any increase in the amount of the overpayment (line 39) or decrease in the amount owed (line 40) will indicate that an overpayment is available with the amended return. The overpayment can be credited to estimated tax (line 42) for the tax year following the period on the amended return, or can be requested as a refund (line 43).

Statute of Limitations. The statute of limitations for filing a Colorado claim for refund is generally four years from the original due date of the return or three years from the date of the last payment of tax or the year involved, whichever is later. In the case of an investment credit or capital loss carryback, the claim must be filed within four years of the due date of the return for the year during which the credit or loss arose. See FYI General 18.

Colorado net operating losses may not be carried back to an earlier year. They may be carried forward for 15 years from tax years beginning before August 6, 1997, and 20 years from tax years beginning on or after August 6, 1997. A separate amended return must be filed for each year from which a net capital loss is carried back. For example, if the taxpayer incurs net capital losses in 2013 and 2012, both of which are carried back to tax year 2011, one amended return must be filed reflecting the carry back from one year and a second amended return must be filed reflecting the subsequent carryback from the other year. If a taxpayer filed their original 2011 return reporting a federal taxable income of \$100,000 and then incurs net capital losses of \$25,000 and \$35,000 in 2013 and 2012 respectively, one amended return must be filed reporting the 2013 loss reducing the 2011 federal taxable income to \$75,000 and a second amended return must be filed reporting the 2012 loss further reducing the 2011 federal taxable income to \$40,000.

Protective Claims. If this amended return is being filed to keep the statute of limitations open pending the outcome of a court case or tax determination in another state that affects your Colorado return, check the protective claim box under reason for filing corrected return.
